GRIFFIN FACES A HEAVY SENTENCE

The Former Federal Secret Service Chief In the City of Philadelphia In Conspiracy to Defraud the Government

FOUND GUILTY YESTERDAY

Second Time Adjudged Guilty On the Same Charge—After the First Conviction He Is Granted New Trial — Seven Others Also Convicted

Philadelphia. June 14—(United Press)—Matthew F. Griffin, former federal secret service chief here, today faced a heavy jail sentence for his part in a $5,000,000 conspiracy to defraud the government by substituting water for whiskey.

Griffin was found guilty of the conspiracy charge late yesterday by a jury in the United States district court here. It was the second time he had been found guilty on the same charge. After the first conviction he was granted a new trial.

Seven other defendants in the case were also convicted by the jury They were Louis Acton, New York private detective; John McTamney, former secret service agent, Herbert H. Zimon, fromer investigator for the U. S. Shipping board, Dr. George I. Kheinalia, New York, Samuel Gottenfield, and Martin and Louis Levy, brothers.

All the defendants were released under $5,000 bail each. Friday June 20 was the date set by Judge McKeehan as the last day when motions for a new trial could be made.

The conspiracy, according to government witnesses, involved the substitution of water for whiskey in 10,000 barrels withdrawn from bond ostensibly for shipment to Greece. The water was to have been sent to Greece and the whiskey sold in this country it was testified.

Harold L. Smith, a young broker, and former collegiate track star, who confessed to being a party to the conspiracy, turned state's evidence, enabling the government to obtain the convictions. Smith, after pleading guilty to the charges against him during the first trial of Griffin, was sentenced to one year in the Atlanta penitentiary but was paroled after serving five months.

OARSMEN TO TRY FOR THE OLYMPICS

Philadelphia, June 14—Many of America's finest oarsmen will churn up the waters of the placid Schuylkill river race course here today, striving for a victory that will mean selection to represent the United States at the Olmpics on the Seine.

Only two events are on the Olympic program today and these will follow the annual Schuylkill navy day regatta. The events are the senior single sculls final and the senior eight oared shells final.

In the singles W. E. Garrett Gilmore, bachelors Barge Club, Philadelphia; Paul Costello, Penns A. C., Philadelphia; Walter M. Hoover, Duluth Boat Club; Russell Codman, Union Boat Club, Boston and Edward McGuire, Mutual Rowing Club, Buffalo, will fight it out for the honor of carrying the Stars and Stripes to the Olympics.

Navy officers, navy varsity, Pennsylvania, and Yale will be the contestants in the senior eight-oared event.

Weather conditions today were ideal for the qualifying final. The sun was out bright and a very light breeze swept the course which runs through Fairmont Park.

In the three Olympic final trials yesterday, three Philadelphia clubs were victorious. The Pennsylvania Barge Club won the pair-oared sheel event; the Bachelors' Barge Club copped the honors in the four-oared shells race; while the 1920 Olympic doubles sculls champions, Jack Kelly and Paul Costello earned the right to row in the 1924 Olympics when they won the double scull race. Kelly and Costello represent the Penn A. C.

The first dinner match to be played at the club will take place Friday afternoon, June 13, beginning at 2 oclock. The captains of the opposing teams are H. A. McDermott of Monessen, and Karl W. Schempp of Donora. Dinner will be served at 6:30 sharp and the losers will pay. Every Saturday afternoon during the remainder of the season there will be an 18-hole handicap match with eight prizes as trophies while the 36-hole handicap match will begin June 16 and continue until June 28. The prizes for the latter event will be three cups.

POLICE DISPERSE SESSION AT THE CROATIAN HALL

Chief of Police William Horne and a coterie of police broke up an alleged Red meeting in Croatian hall, Monessen, last night—a gathering that had been advertised as being given under the auspices of the International Workers' Aid association. This meeting was presumed to tell the story of Russia and Germany in moving pictures, and a permit was secured by the man who brough the films to Monessen, one Charles D. Roberts, under the statement said to have been made that they passed censorship however, after two reels had been shown, one scene being that of the American flag floating over a factory in Russia, which it is alleged brought remarks and jeers from those present, and the further depiction of the late Lenine on his knees with the red flag, the chief of police broke up the session, confiscated eight reels and two machines and placed three men under arrest, inclusive of the aforesaid Roberts, and two Monessen men, Morris Schindler a draftsman, and Oscar Okkoner of 618 Sixth street. Schindler lives with Okkoner. On the person of Roberts was found $620.83.

It is said that it was proven that the statement that the films were properly censored, was proven untrue.

The accused are being held in the Monessen lockup without bail, pending the arrival of the state authorities.

THIS COUNTY IS "OVER THE TOP"

Washington county is "over the top" so far as its quota for the Civilian Military Training Camp at Camp Meade, near Baltimore is concerned, but the eastern counties of Pennsylvania have not raised their quotas as yet and any young men from this county desiring to go to Camp Meade will still be accepted provided their applications are presented immediately.

This announcement was made last evening by Captain Barth R. DeGraff, regular army officer attached to the 110th Infantry and stationed at Washington, who is in charge of the district formed by Washington, Greene and Fayette counties for C. M. T. C. applications.

Captain DeGraff announces that 78 applications from Washington county have been accepted, 99 from Fayette county, and 31 from Greene county. The quota for Washington and Fayette counties was 73, while that for Greene county was 12.

Captain DeGraff has been absent for the last week at Mt. Gretna where a school of instruction for officers of the 110th Infantry was conducted. He is particularly anxious to meet a number of young men interested in the Civilian Military Training Camp who called at his office during his absence.

Among the 110th Infantry officers attending the school at Mt. Gretna, was Major James Gee of Monongahela.

SHOOTER HELD IN THE LOCKUP

Miss Leila Warfield, 23 years old, of Donora, who was shot and seriously wounded on Wednesday night at Americo park, Donora, remains in a critical condition in the Memorial hospital, Monongahela.

The man Johnston, who was arrested on charge of shooting Miss Warfield is being held in the Donora lockup pending the result of the young lady's injuries.

School Board Fixes Fee Of Tax Collector

The compensation of Samuel Workman, tax collector of the Washington School district, has been fixed at one per cent by the board of education of the county seat. This will net him in the neighborhood of $3,000. This is one per cent lower than was formerly paid, and is the same which Washington pays for the collection of its taxes. Five per cent will be paid for the collection of all delinquent taxes. Mr Workman, who is city treasurer of Washington, automatically becomes tax collector for the school district. His bond was fixed at $100,000, and as soon as it is executed and approved, the tax duplicates will be turned over to him.

The students of the Third ward schoolt desire the retention of Everet Moore as principal, and the superintendent of schools at the county seat paid a high tribute to his work as a principal and his manner of handling the children.

Several Contracts Call For Completion By Next September of School Buildings Which Will Cost Over a Million Dollars

NEW HIGH, MONONGAHELA

Summary of the Structures — The New High At Monongahela, Nearing Completion, Is Largest And Most Expensive In County

Contracts call for the completion by next September of a number of school buildings in this county, the aggregate cost of which will be over $1,000,000.

Washington will have two new structures, the total cost of which will be over $400,000.

Monongahela's new high school building, which is nearing completion, is the largest and most expensive single educational structure being built in the county. When finished, this building, which will contain a fine auditorium and gymnasium, besides class rooms and especially equipped departments, will cost Monongahela City more than $100,000.

Canonsburg, which built a new high school last year, will build a 12-room grade building during the present summer to accommodate the boys and girls in the eastern section of this flourishing borough. It is estimated it will cost $160,000.

Houston, adjoining Canonsburg, has a new eight-room school nearing completion. It is located immediately in the rear of the older structure and will be dedicated during the present summer. The contract price for it is $65,000.

Beallsville, which passed a bond issue for the purpose at the last election is planning an addition to its present structure which will include two grade rooms and a combination auditorium and gymnasium, the cost of which will be approximately $50,000.

Smith township, which has an extremely heavy population because of its intensive coal mining operations within its borders, is conducting an experiment in a new building at the Harmon Creek settlement. The building, which will be of frame structure, will be lined with an asbestor board, which it is claimed will make the structure fireproof. The new type of building will cost $11,200.

Crosscreek township is building a three-room frame school at Patterson Mill which will cost $8,400, while Chartiers township will build an addition to the Meadowlands school, which it is estimated will cost $8,000. West Pike Run township is considering plans for a two-room addition to the Walkertown school.

Inclusive in the number is the Junior High School of this place, for which the people voted a bond issue of $150,000 for its construction.

NORTH CHARLEROI BOY DIES TODAY

Clarence C. Wise, 19 years old, son of Mr. and Mrs. John Wise of 441 [illegible] this morning at 6:05 o'clock, following a prolonged illness due to a complication of diseases. The youth was born and reared in Fallowfield township, moving to the Lock with his parents three years ago. The parents of the boy have been putting up a [illegible] returning from nine months' tour of the western states a month ago, where they thought the change of climate would benefit his health. He is survived by three sisters, Mrs. Henry Winship, of Pennsylvania avenue, Helen and Edith at home, and one brother, Harold, at home. He was a member of the Reorganized Church of Jesus Christ of the Latter Day Saints.

Funeral services will take place Monday afternoon at 2 o'clock, followed by interment in the Howe cemetery.

MIKESELL TO BE DRY CHIEF—ON DUTY JULY 1

General Prohibition Agent O. Evans Mikesell, who was born and reared at Scenery Hill, and is wellknown to many people in Charleroi, now stationed in Pittsburgh, is likely to succeed R. B. Simons, chief of enforcement in eastern Pennsylvania, on July 1, it was reported yesterday.

Simons, who has been on duty in Philadelphia for more than a year, was transferred to a new post at his own request, the first of the month.

Major William G. Murdock, state prohibition director, will take over the enforcement duties until a successor to Simons is appointed.

Great Gas Strike--- Well Is Making 1,000,000 Cubic Feet

One of the best gas strikes of this spring, was apparently made yesterday on the J. S. Arthurs farm, north of Washington, the well being reported last night as making more than 1,000,000 cubic feet from the fourth sand.

Interested in the well are a number of Washington persons, including H. R. Carter, V. D. Behm, J. S Arthurs and Bert Aldensen. The company has a lease of about 213 acres in the vicinity of the strike.

The strike is considered particularly good in that it was made in the fourth sand, which always produces good stayers. The well is also certain to give impetus to drilling operations in the territory north of Washington, where the first big gassers of this district, which were drilled about 40 years ago, were located.

FIVE KILLED IN TRAIN WRECK IN BERLIN

Berlin, June 14.—Five persons were killed and 16 seriously injured when a passenger train was wrecked at the Potsdam-Wanze station in the heart of the city during the rush hour today.

The crowded train crashed into a string of cars, causing the serious wreck. Traffic was delayed for some time.

LOCAL DENTIST IS RECOVERING ELECTRIC SHOCK

Dr. Gordon Harrington, local well-known dentist, who was miraculously saved from death early Tuesday morning when 2200 volts of electricity passed through his body, just as he turned on the light before retiring at his home in 801 Fallowfield avenue, the residence of Mr. and Mrs. Burdell Clutter, and who was severely burned about the hands and knees, is improving rapidly.

The near tragedy occurred when the street lighting wire carying 2200 volts in some manner crossed on a house wire carrying 110 volts, and when Dr Harrington reached to turn on the light in his room, the current was grounded through his body. The high voltage entered through his hand and came out at the back of his knees. He lay uncouncious for sometime, and did not know the extent of his injuries until daylight. Both hands were burned as well as his legs. The lights in the immediate vicinity between Eighth and Ninth streets in Fallowfield avenue, were blown out.

Dr. Harrington, although able to be up and around, was unable to work all week, but he expects to be at his office in the Stahlman building within a few days.

MAIN BARRACKS BURNED IN NIGHT

Carlisle, Pa., June 14.—The main barracks of the medical field service school here was destroyed by fire during the night, while 150 soldiers housed in the building fled to safety.

The fire started shortly after 10:30, while a dance was being held in the baraacks gymnasium for the new 500 student officers of the army reserve corps. Most of the enlisted men, however, were in bed. The fire spread so rapidly that the soldiers in the main barracks could not save their personal effects.

The loss is estimated at $200,000. The building was formerly used as dormitories for the old Carlisle Indian school.

When the alarm sounded, several hundred officers in full dress uniforms fled from the gymnasium and formed a bucket brigade until Carlisle fire companies arrived.

Fourteen trucks stored near the main barracks building also were destroyed.

FUNERAL OF G. H. THOMAS HELD TODAY AT 2 P. M.

Funeral services for Goodloe Howard Thomas, aged 48, managing editor of the Friday Evening Call, Monessen, who died Thursday afternoon at 5:59 o'clock at his home in 462 Park Way, Monessen, took place this afternoon at 2 o'clock at his late residence with Rev. H. D. Rudolph, pastor of the Methodist Episcopal church of that city, in charge. The sad rites were attended by a large number of friends and relatives who thus paid their last tribute of respect to the deceased. Interment was made in the Grandview cemetery.

AN ARREST MADE IN TRAIN ROBBERY

NEW GOVERNMENT IN SUNNY FRANCE

Paris, June 14—Socialist government in France becomes a reality today when Edeuard Herriot accepted the invitation of President Denmurgue to form a new cabinet.

Herriot expects his list of ministers will be completed before tonight and hopes to be ready to confer with Prime Minister MacDonald of Great Britain, June 21.

Doumurgue spent the morning in conference with leaders of the Left, all of whom advised him to summon M. Herriott to form a government to replace the Marsal cabinet, which resigned yesterday as soon as the election of the new president of the republic was announced.

Chicago, June 14. — Paul Ware, Tulsa, Oklahoma, known as a police character, was arrested here today in connection with the hunt for the bandits who late Thursday night held up and robbed the Chicago, Milwaukee and St. Paul mail rain, of currency and securities estimated up to $2,500,000.

Police announced they found a $1,000 bill and a $500 bill on his person. The money, they said, corresponded to the description of the bills seized by the robbers. The bills were blood-spattered. One of the robbery was seriously injured by a fellow bandit in mistake for a mail guard.

A man and a woman by the name of Mr. and Mrs. Walter McCombe also were arrested.

Free-For-All Fight Mars The Baseball Game At Detroit

One of the most disgraceful scenes ever enacted on a big league baseball diamond, in which several thousand spectators rioted on Navin Field, Detroit, yesterday, brought the third game of the series between the world's champion Yankees and Detroit Tigers to a close at the beginning of the ninth inning.

Bill Evans, chief of the staff of American League umpires, finally took things into his own hands and declared the game forfeited to the Yankees by a score of 9 to 0.

Failure of the Detroit Club to clear the field of the rioting spectators brought about the forfeiture.

Bert Cole, southpaw pitcher of the Detroit Tigers, indirectly started the trouble when he hit Bob Meusel, New York right fielder, in the back with a pitched ball. There was one out at the time and the score stood 10 to 6 in favor of the Yankees.

Ruth, the first batter up, fouled to Blue. Then Cole hit Meusel and Bob, believing it intentional, walked deliberately to the mound where Cole was standing and was about to take a punch at the pitcher when Ormsby, umpire on the bases, separated the two men.

Ruth, in his anxiety to go to the rescue of Meusel, got into a verbal conflict with Ty Cobb, who came running in from center field. In a few seconds the diamond became a swirling mass of players, pushing and tugging and milling.

Evans ejected the hostile players from the game and Meusel, escorted by Bush, walked across the field.

NEW PLAYER IS BALL ATHLETE OF MUCH PROMISE

N. L. McVicker, who has been signed by Manager D. Cleve Mathers to play the outfield, and will be seen, probably in left field today in the game with the Sackville Stogies, is a Monongahela boy, and next year will captain the Penn State Baseball club.

The new baseball leader has been Pennsylvania State's one outstanding performer throughout a season of reverses and his hitting has featured at almost every game in the last three games. He hit safely 11 times out of 12 trips to the plate McVicker was also a star on the Nittany basketball team last winter.

Anderson, it is said, will be in center field for Charleroi today.

MANY BIG THRILLS IN BEACH STORY

No matter what one's taste may be in screen entertainment. "Flowing Gold," Richard Walton Tully's latest contribution to the cinema art, will afford pleasure to the most jaded fan. This First National picture is to open at the Majestic Theatre next Monday and Tuesday.

Seldom, if ever, has any novel offered the unusual opportunities for diversified and satisfying screen action as does this great Rex Beach tale of the Texas oil fields. Delicious comedy pleasing romance, intense drama, pathos, thrills and spectacular sequences are cunningly intermingled.

The ladies will reveal in the beautiful gowns and settings of some of the episodes, while the men will grip their seats during the big fight scenes between Milton Sills and John Roche.

WET GROUNDS AGAIN PRECLUDE PIRATES PLAYING

Wet grounds was the reason the Pirates and Phils did not play yesterday afternoon, but the postponement was justified and, what is more, half an hour after the game had been called off a steady shower set in and by nightfall Bill Baker's bowl resembled a self-filling wash basin

Moonshine may not have been entirely extinguished in the staid old city, but sunshine seems to have been utterly stamped out. At any rate, the sky has been dark, dismal and full of leaks ever since the Bucos landed in town last Wednesday Thoroughly moistened by the rains of Thursday and with the atmosphere heavily laden, the ball field had little chance to dry. A prolonged morning drizzle made more mud and although the dripping ceased at noon, it was found necessary to declare Friday, the thirteenth day of the month, a day off and then it rained in good earnest.

This morning finds a change in the National League standing. Chicago by again beating Boston, and Cincinnati defeating New York, places the Cubs in first place. It is not certain that the Pirates will play today. The condition of the grounds in city of Brotherly Love, and Jupiter Pluvius, are factors that will determine.

The rise of the Chicago National League club to the head of the procession is the surprise of the baseball season. At the onset they were accorded three, four, finish, and that is probably where they will ultimately land, as the team is not strong enough, on paper, or as individual and collective players to land higher—unless the miracle happens. Their pitchers are going good, but they are a little erratic in both the infield and outfield. However, they have a peppery manager in Bill Killefer, who keeps the young players on their toes all the time; and part of their success has been on account of their speed on the bases, they leading the league in this respect.

DEMARCO GETS A DRAW WITH DICK CONLON OF ALTOONA

Cuddy DeMarco and Dick Conlon fought to a draw at Altoona last night. The mill was witnessed by 1,800 fans.

Conlon weighed 136½ pounds, while DeMarco tipped in at 135 pounds. The battle was one of the best seen in Altoona in years, with the two maulers so evenly matched that there was not the tip of a feather between them in ability.

DeMarco utilized his famous left jab at intervals during the entire mill, aiming for Conlon's jaw in most of the instances. Conlon matched this attack with right and left swings to the body with a boring-in style that didn't permit DeMarco to get properly set for a dangerous offensive. Both men proved lightning-like in movement and neither was at any time in danger or in the least groggy.

DeMarco used a jumping style from the center of the ring after the Greb tactics on a number of occasions landing with good effect. He also used the Greb plan of hanging to the ropes with one hand and swinging either left or right at Conlon's head. In this he was particularly good, at one point landing three blows in a row without a return DeMarco was great in the seventh and carried the round with ease. Conlon came back in the ninth and took it by a shade.

Jack Aspery of Sharon refereed the mill. The decision was rendered by Boxing Judges Charles E. Rhodes and Dr S. M. Smith

EAGLES TO HOLD OUTING JUNE 28

It is said that members of the Charleroi Aerie of Eagles will join with their brothers of the Monessen aerie, when the Monessen aerie gives their annual outing and boat excursion on Saturday, June 28. Customary with former years, the steamer Verne Swain, will be chartered to transport the picnickers to and from Kennywood park, where the Eagles and their friends will enjoy the day.

Dancing will be enjoyed on the boat, both going and returning, with music furnished by the Keystone Serenaders. The ladies of the Christian church of Monessen will furnish the luncheon.

In the athletic events at the park, there will be amusement provided for all—old and young, boys and girls, the fat and the lean, single and married. Prizes will be awarded in all the events. A baseball game between the members of the nine representing the Homestead aerie, and the Westinghouse aerie of East Pittsburgh, will be the feature event of the afternoon, and the winner in this contest will be presented with a beautiful silver cup.

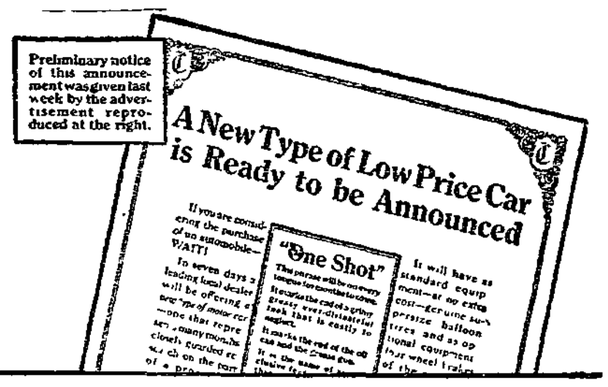
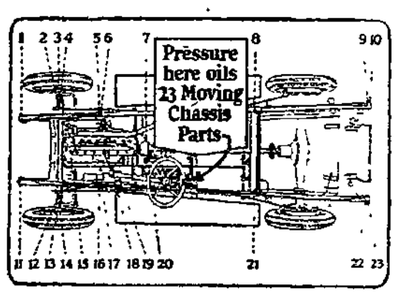
The Easiest Car in the World to Take Care of



Preliminary notice of this announcement was given last week by the advertisement reproduced at the right.
A New Type of Low Price Car is Ready to be Announced
"One Shot"

1925 CLEVELAND SIX

One-Shot Lubricating System



Step On the Plunger

GOODBYE grease gun! Goodbye oil can! No more greasy, grimy hands! No more squeaks and rattles!

Step on the plunger near your heel and all parts of the car except the crank case are supplied with the proper amount of lubricant. Two seconds is all it takes!

This exclusive, patented Cleveland Six feature makes neglected lubrication almost humanly impossible.

It eliminates worn parts, prevents costly repairs, increases the life of the car and enhances its resale value.

See it! See how it works!

HERE is a car that is entirely new! A larger, more powerful Cleveland Six with so many marvelous features that it is destined to sweep the nation.

Because it is the only car in the world containing the One-Shot Lubrication System, it ranks as the easiest car in the world to take care of.

By stepping on a plunger near his heel, the driver lubricates in two seconds all those parts which in other cars require an hour's grimy work with grease gun and oil can.

No greater convenience feature was ever offered to the motorist.

Mileage Motor

PERFORMANCE to be proud of—that's what the owner of a 1925 Cleveland Six has in store. Under the hood of his car is one of the truly great power plants—the new Mileage Motor.

He can pace any stock car in the world on hills—exceed 60 miles an hour when the road is clear—leap from 5 to 25 miles an hour *in less than seven seconds!*

Yet he revels in flawlessly smooth and silent operation at all speeds—gets well over 20 miles to the gallon of gasoline—and carbon troubles are unknown.

Balloon Tires

All models come equipped with genuine supersize balloon tires at no extra cost.

With the longer wheel base, the scientific spring suspension, and the accurate distribution of weight, the last word in even, jarless riding comfort is achieved.

The closed bodies are by Fisher—with all the beauty, refinement, and lasting qualities that Fisher construction guarantees.

The chassis is longer and stronger—the transmission is new—the rear axle indestructible.

4-Wheel Brakes

Four-wheel brakes of proven design and construction are offered as optional equipment.

Due to their extreme simplicity, their operation is sure—their maintenance easy—and the charge for them is unusually low.

See this truly marvelous new car! Test it for power, for speed, for smoothness, for flashing get-away.

We guarantee you an experience the like of which you have never had before in any car!

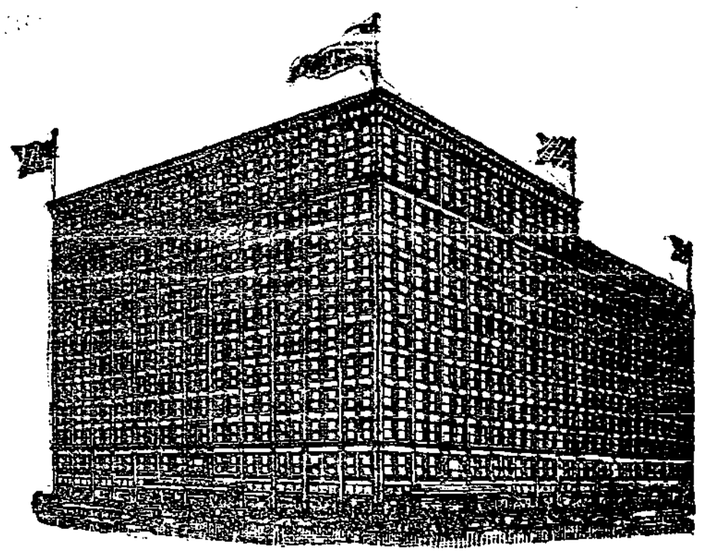
53RD ANNIVERSARY

All of June—The Month of Roses



Thousands of People From the Tri-State Territory Have Visited Kaufmann's Anniversary Sale

YEARS ago "The Big Store" outgrew its capacity as merely a Pittsburgh Institution.

THE telephone has made it possible for distant dwelling families to shop as quickly and conveniently at Kaufmann's as those that live in Pittsburgh proper.

SWIFT-FLYING trains bring the city fifty and a hundred miles away easily within the radius of our service.

GASOLINE motors bring shopping parties to Kaufmann's daily, in increasing numbers.

OUR Bureau of Accounts reports a surprisingly large percentage of Charge Account Patrons who live beyond the bounds of this metropolis.

KAUFMANN'S, the first servant of Pittsburgh's needs, has become a greater, better store. Distance has dwindled. Our fleet of motor trucks cover a far vaster territory than even the most optimistic of this store's founders ever dreamed of.

Our 53rd Anniversary Is Making the American Dollar Go Further Than Ever

EVERY department in this store shares in offering values worthy of an Anniversary. New, fresh, wanted merchandise for home and personal use—at prices that make a shopping trip to Kaufmann's in Pittsburgh a paying investment. Many articles which sell here at a standard uniform price the year around are radically reduced for June only. Prominent among these are:

Kelsworth $95 Talking Machines - - -	$ 72.50
Kelsworth $345 Upright Pianos - - -	295.00
Kelsworth $495 Player Pianos - - -	415.00
Kelsworth $595 Grand Piano - - - -	515.00
Men's $8.50 K-O Shoes and Oxfords - -	6.90
Women's Adoria New Shoes - - - -	7.90
Men's $50 to $70 Kuppenheimer Suits -	36.00

FURNITURE AT AVERAGE 25% SAVINGS FROM OUR REGULAR LOWEST-IN-THE-CITY PRICES—AND MANY OTHER ITEMS

Anniversary Specials remain on sale all the month of June or until quantities are exhausted, in which contingency we shall endeavor to replace, and at the Anniversary Price. We prepay merchandise to any railroad station in the United States. Where desired we arrange for easy payments that allow you to enjoy the use of the article while paying for it.

LODGE'S LABOR LOST.

Little is left Senator Lodge but the melancholy reflection that "republics are ungrateful," now that his plan to establish another international court at least "equally as good" has come to nothing, after being greeted with derision as "counterfeit" and "Lodge's dodge" even in the house of his nominal friends. That is, if he really had any expectation of a successful issue, which is more than doubtful. It is difficult to believe that he counted on more than a serviceable smokescreen in American politics, a means of discrediting the existing international court already accepted by more than 50 nations, against which he cherished incurable enmity as the product of the League of Nations which Woodrow Wilson brought into existence. Moreover, Mr. Lodge made his offered substitute utterly useless by binding it hand and foot with reservations and putting it wholly under the control of the American Senate, so far as this country is concerned. The leading newspaper of Mr. Lodges own home state finds room only for sarcastic comment. "Plans for peace," says the Springfield Republican, "he (Lodge) produces with the ease of a parlor magician, and they are marked by an unmistakable detachment from the unforgivable League of Nations. This characterdistinguished his elaborate scheme for a new and independent World court superseding all other international courts whenever or however established and from whatever source derived. Few persons will ever take the trouble to study the details of the Lodge plan, because it is instantly recognized as a backfire on another plan endorsed by two Republican Presidents and by a Republican Secretary of State"

SAUCE FOR THE GANDER.

Darling, I am growing o-old,
Henna threads that once were gold.
Shine upon my brow today-ee
Otherwise they would be gray;
But, my darling, you can see, can see
I am slender as can be;
Yes, my darling, you can see-ee
I am still a thirty-three.

Every morn I leap from be-ed,
Somersault, stand on my head,
Walk five miles in rain or shine,
Breakfast on one roll at nine;
But, my darling, why don't you—don't you
Try to keep your figure too?
You're so fat and bald and gray-ay
Someone may steal me away!

On their trip to England and Germany, the party will be accompanied by Miss Elfreda Schmitz, sister of Mr. Schmitz, who has been visiting here since last fall and is now returning home.

In Society's Realm

The Pollyanna class of the Christ Lutheran church will meet at the home of Mrs. Robert Worthington Lookout avenue in their regular meeting Monday evening instead of Thursday. A good attendance is urged.

The Sewing Circle of the Washington Avenue Presbyterian church will hold its annual outing at Oakland park, Tuesday afternoon, June 17. This affair is always one of the features of the year and a good time is anticipated.

Justice of Peace J. B. Smith this morning at 10 o'clock performed a wedding of interest, when Miss Mary Falloretta of Ellsworth became the bride of Lorenzo Nattucci, also of Ellsworth. The bride appeared in a white gown and veil held in place by a wreath of orange blossoms and carried a bouquet of white roses. The couple were attended by maid of nor-or, best man, bridesmaids and flower girs. Following the ceremony, the wedding party returned to Ellsworth [illegible] where a reception was held in their honor.

The second annual "Guest Day" of the Leah Gelder Memorial Circle of the Westminister Guild was held last night in the primary room of the Washington Avenue Presbyterian church. The room was beautifully decorated with baskets of flowers. About thirty members of the Circle were present with their guests, most of whom were mothers of the girls. An interesting program was carried out in charge of the president, Flora Roberts. The special speakers were Mrs. Montgomery and Mrs. Pfleghardt. Francis Deitz played a piano solo, Mae Brickner sang a beautiful solo and Ila Campbell favored with a violin solo. A pleasant social time was enjoyed by all. The committee in charge served a delicious luncheon.

A wedding of interest to people of Charleroi took place this morning at 10:30 in the parsonage of the Methodist Episcopal church of Monessen, with Rev. H. D. Rudolph, pastor of the church, officiating, when Miss Kathryn Eloise Frye, daughter of Mr and Mrs. T. G. Frye of 222 Fallowfield avenue, and Edwin Clifford Jones, son of Mrs. Cora Jones of Knox avenue, Monessen, were united in marriage. They were unattended. The bride was charmingly attired in a light green suit with hat to match. Following the ceremony Mr. and Mrs. Jones left by motor for a week's wedding trip to Gettysburg, Washington, D. C., Philadelphia and other points of interest. The bride is a popular Charleroi girl, a graduate of the Charleroi High school and a member of the June graduating class of California Normal. She has accepted a position to teach in the Ellsworth grade school this fall. The groom is an employe of the office of the Page Steel and Wire Company of Monessen, and is wellknown in that city.

LIQUOR PLANT IN THE HANDS OF BUTLER'S SLEUTHE

Philadelphia, June 14.—A $5,000 liquor distillery plant, capable of turning out hundreds of gallons of moonshine daily, today was in the hands of Director Butler's booze sleuths.

A policeman's keen smell lead to the discovery of the plant which was located in the center of the wholesale produce district.

A 600-gallon still and approximately 1,700 gallons of alcohol was seized by a raiding squad. Three men who gave the names of Morris Weiner, 21, Abe Glass, 21, and Morris Spink, 21, were arrested as alleged operators of the plant.

THE FATALITIES CALL FOR A BETTER NAVY

Washington, June 14.—The catastrophe aboard the battleship Mississippi which cost the lives of 48 officers and men, today intensified the demand here for "modernization" of the navy.

The navy department which urged the last session of congress the necessity of reconstructing many of the Navy's older battleships prepared to renew its insistence when Congress convenes in December.

Its line of argument is that if such a disaster happened aboard the Mississippi, which is one of the newest and most efficient ships of the [illegible] for giving the older ships immediate attention.

Representative Britten, Illinois, ranking Republican on the House naval affairs committee, and leading "strong navy" advocate in congress, today had conferences scheduled with President Coolidge, Secretary of the Navy Wilbur, and Secretary of State Hughes. Besides general modernization Britten will argue approval of his proposal to elevate the guns on the first line ships to increase their range.

"The Mississippi was one of our best and most modern ships," Britten told the United Press today "The fact that such a terrible accident could occur on her shows the necessity of expediting the modernization of the older ships.

"And while we are constructing the older ships we could go ahead and elevate the guns while the ships are in the navy yards. Making it one operation would save money. I'm going to try to get an official view from the state department and the president today on the legality of gun elevation under the arms pact."

Except for a parliamentary manuever of Senator King, Democrat Utah, in the last hours of Congress last Saturday, it is probable the modernization of the navy would now be under way. The modernization bill was passed by both houses, but held up by King on a motion to reconsider the Senate's vote. The second vote was never reached in the jam. Had the bill gone over this parliamentary hurdle it was assured of President Coolidge's signature, as he approved it, in principle.

It's what Oakland gives for $995 that counts

Bear these facts in mind in choosing a car:		Here are the advantages Oakland offers:
Be sure that the engine in the car you choose incorporates the very latest design and construction.	1	*Oakland's engine is the last word in advanced design. Automotive engineers praise its construction.*
Be sure you get the latest braking system. Four-wheel brakes are safer. Don't buy a car without them.	2	*The Oakland Six has four-wheel brakes at no added cost. They are sound in principle and practice.*
Ordinary body finishes are perishable and easily marred. Get the facts about Oakland's new finish.	3	*Oakland alone, in its class, has a special new finish which will not check nor lose its lustre.*
Observe whether driving controls are convenient. Compare other cars with Oakland in this respect.	4	*Oakland's controls—all of them except gear shift—are on the steering wheel; an exclusive feature.*
The tendency is toward a more substantial top for open cars. Examine cars with this point in mind.	5	*Everyone likes Oakland's permanent top. Curtains fit better and glass enclosures can be added.*
Although disc steel wheels are superior, most builders in this class make you pay extra for them.	6	*All True Blue Oaklands have disc steel wheels at no extra cost. They are better looking and safer.*
Note the body design and workmanship of cars in this class. Are bodies attractive and substantial?	7	*Oakland's seven distinctive bodies are Fisher-built. Everyone comments on their smart appearance.*

The True Blue Oakland is built and priced to be the leading value in its field.

Reading the Palm

"What," demanded the skeptic, "can you tell by looking at a person's hand?" "You can tell a good deal," said the palmist. "If a woman wears a platinum circlet on the third finger of her left hand she is just married. If she wears a plain gold band the marriage dates farther back. If she wears a diamond ring on this finger she's engaged. If she's engaged she's probably in love. That's all women want to know about—love and marriage. Yes, by looking at a person's hand you can tell a good deal and surmise a whole lot more."—Rehoboth Sunday Herald.
